

BluOS 3.0.1

The latest BluOS software is a maintenance release with a small number of fixes.

Software Requirements

BluOS Controller for iOS, version 3.0.1 or higher

BluOS Controller for Android and Kindle Fire, version 3.0.1 or higher.

BluOS Controller for Mac OS, version 3.4.0 or higher.

BluOS Controller for Windows PC, version 3.4.0 or higher.

What's New

- Added HDMI input to IR commands for Soundbar 2i.
- Improved Soundbar 2i compatibility with HDMI ARC televisions.
- Updated translations for Settings and Help menus.

Other minor software enhancements and improvements included.
